

Extended Tax Service

Gain peace of mind. Avoid confusion and additional expense with our Extended Tax Service.

After your tax preparer completes your tax return, you have the option to add our Extended Tax Service.

If you are audited or receive a notice from the IRS or any state regarding your return prepared by this office, Summit Financial Group will act on your behalf, answer all correspondence or have an enrolled agent represent you at audit.

This service will apply to the tax year for which you purchase the Extended Tax Service. The cost is 15% of your tax preparation fee (minimum charge of \$60)
